My Adam's River Log Book

Name:

Checklist of Observations
What did you see?

- salmon struggling in shallow water
- pair of salmon
- a dead salmon
- tagged salmon
- female salmon digging a redd
- salmon fighting
- salmon releasing milt
- salmon with almost no tail fin left
- salmon releasing eggs
- predator
- a salmon that looks tired and battered

Below are three important rules for everyone to follow. Give a reason for each rule.

1.

2.

3.

Do you have unanswered questions? Did you make interesting observations? Record them below.

**Using your senses
What did you ...**

see?

hear?

smell?

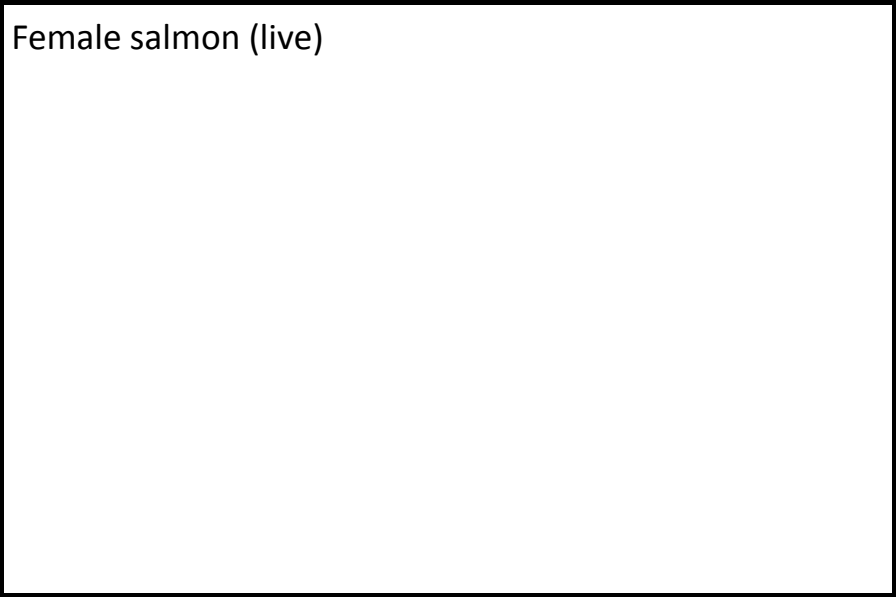

touch?

Sketch

Male salmon (live)

Female salmon (live)

The highlight of the trip for me was...
