So many predators, after us!
Life for an alevin, is dangerous!

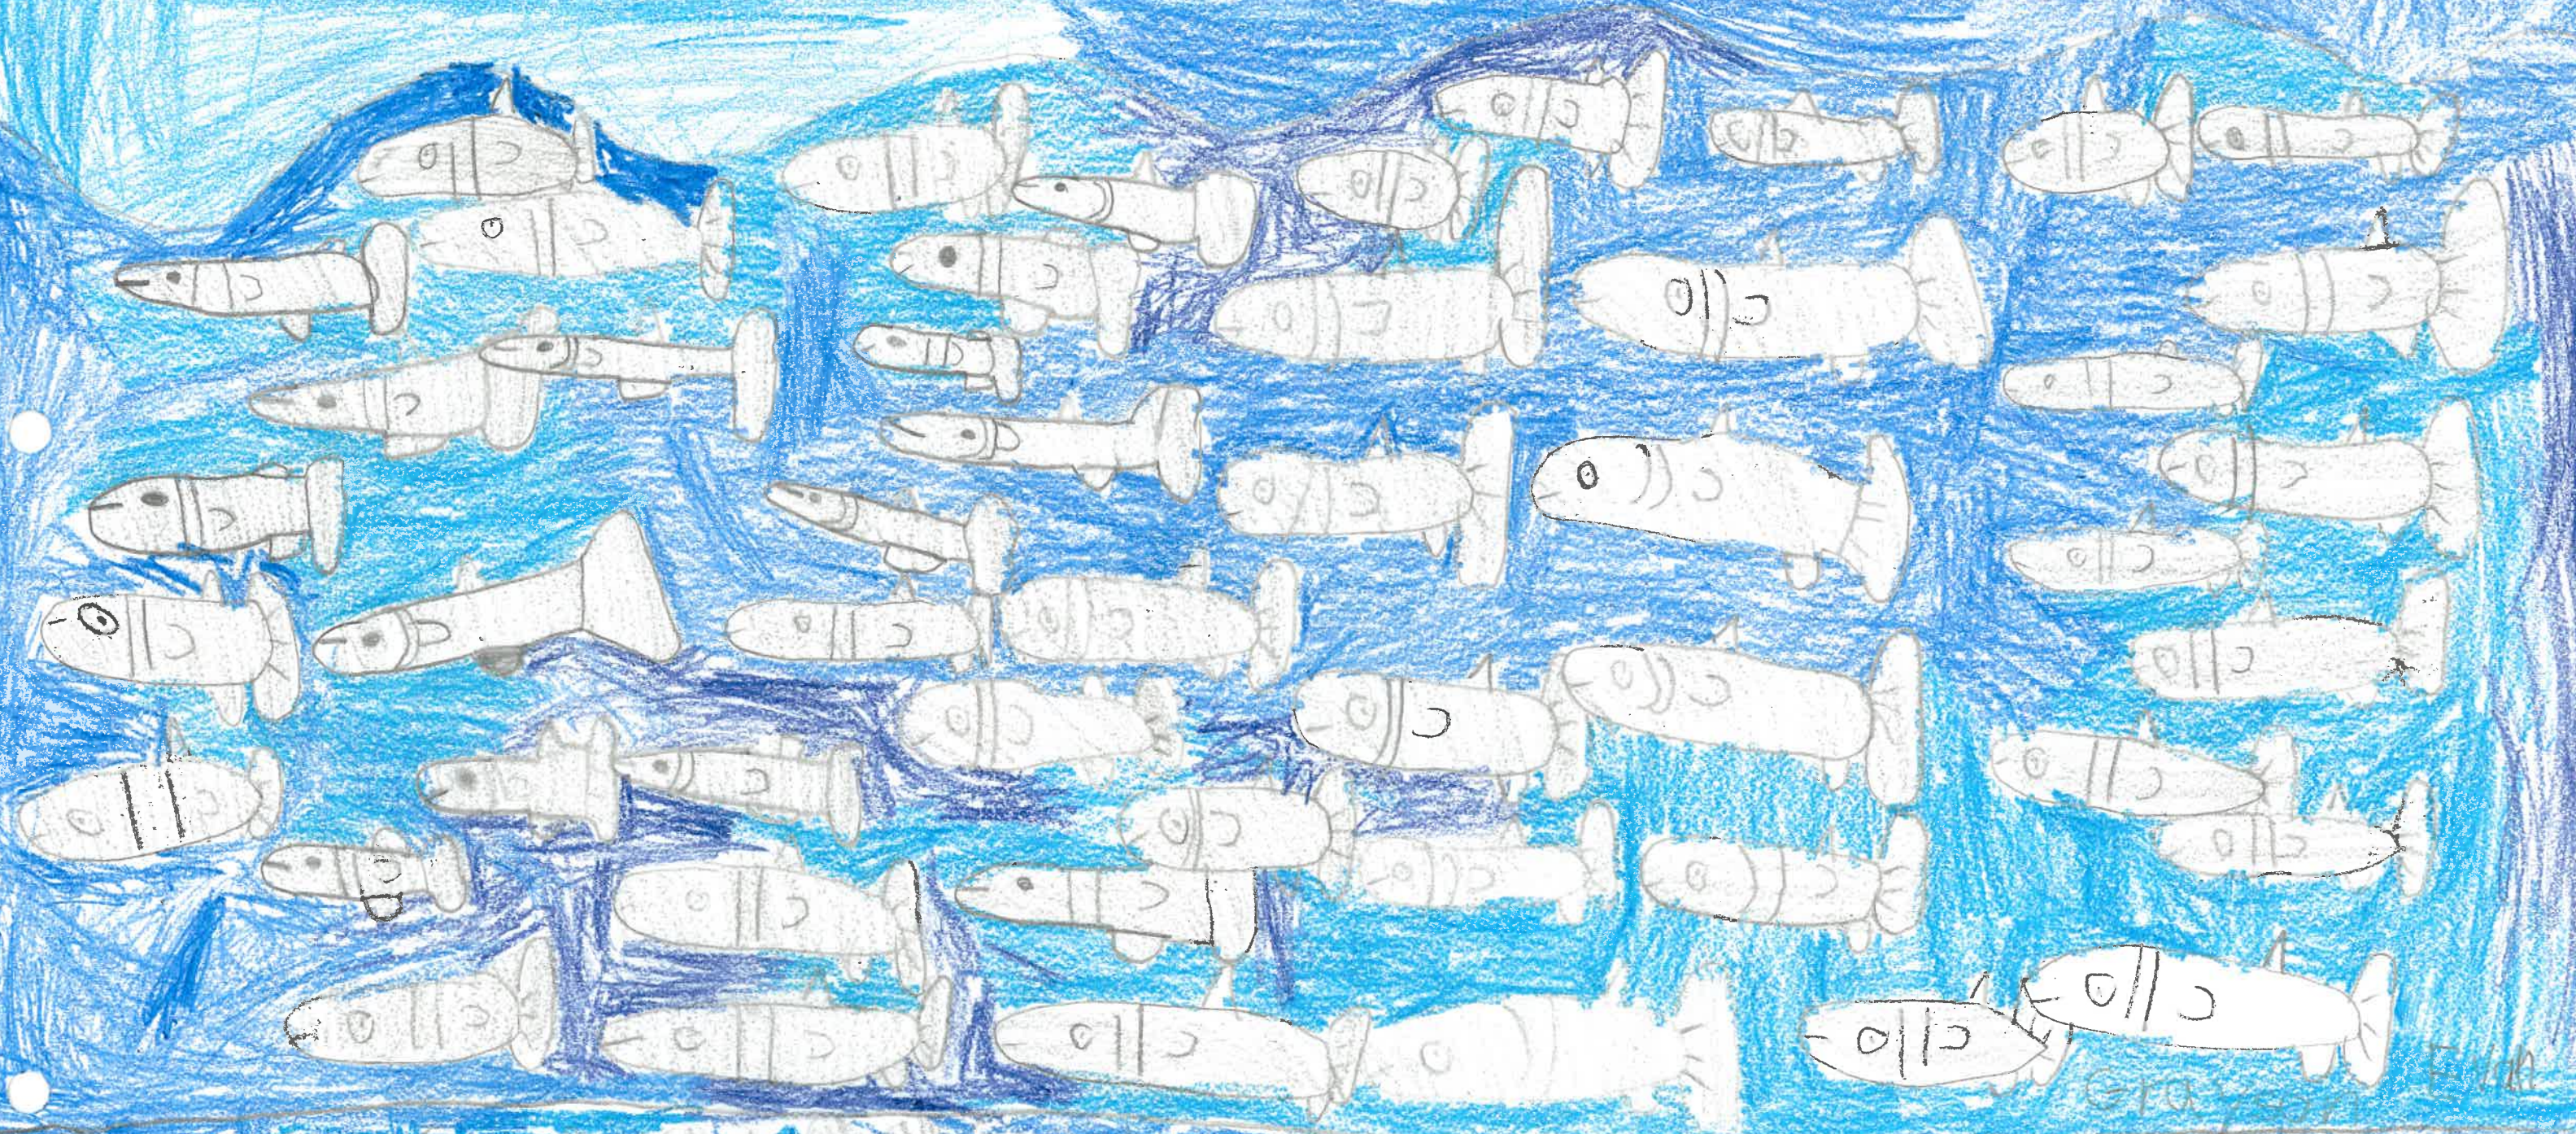

I am a Coho tiny fry.
I'm swimming up, up to the sky.

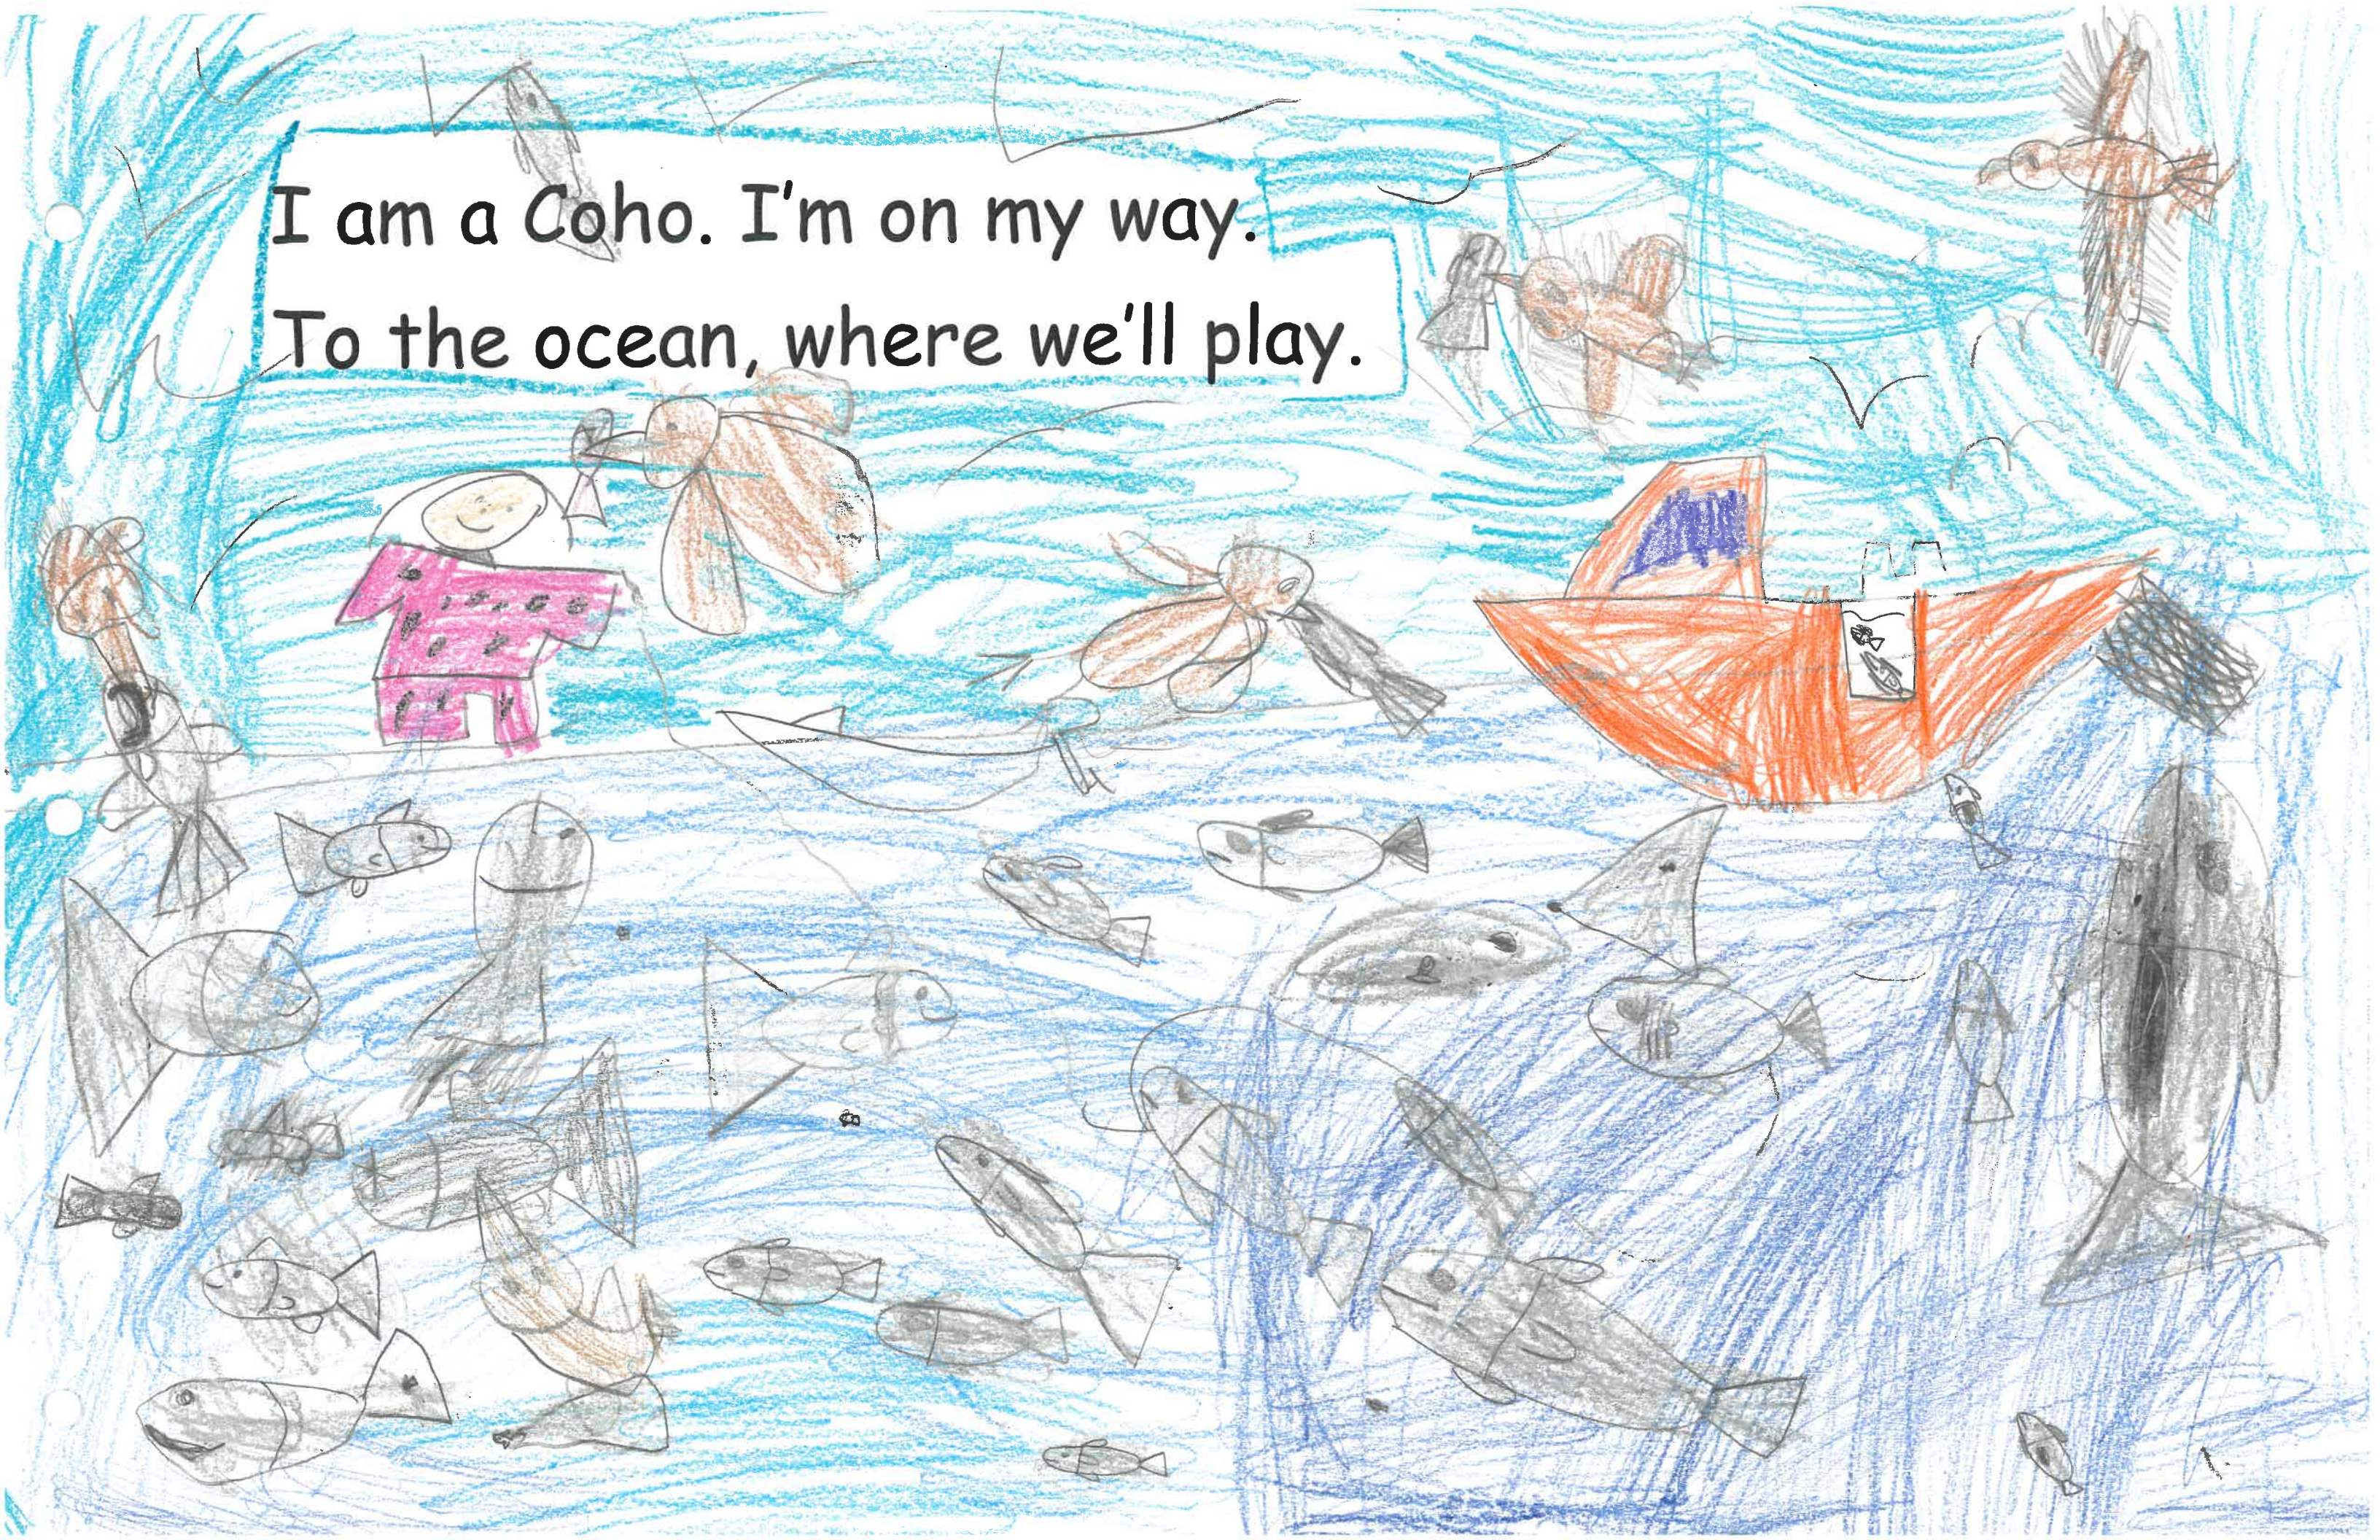

In Tranquille Creek, I'll spend each day.

For one whole year now, that's where we'll stay!

Erica

I am a Coho. I'm on my way.
To the ocean, where we'll play.

We'll face danger, catch our own food...
I hope my years there, will be real good!

emilia alleira

See all my friends, how they got on.
