## PLAYING THE GAME

1. With your fingers and thumbs in the flap pockets as shown, ask someone else to choose one of the four top words. Open and close the origami according to the word he or she chooses. For example, if "SPECIES" is chosen, you will open the origami 7 times, once for each letter: "S-P-E-C-I-E-S" \*(Open and close the origami by alternating between moving your fingers away from your thumbs and moving the finger and thumb of your right hand away from the finger and thumb of your left.)
2. Ask the person to look inside and choose one of the four words inside. Again, open and close the origami according to the number of letters in the word chosen.
3. Finally, ask the person to choose again one of the four words inside. Open the flap of the word chosen, and together you can read more about that species of salmon. Test yourselves and see if you can remember what the details are before opening the flap!
